Dear Toronto Directory Customer:

Thank you for purchasing the 1992-93 Toronto East City Directory. We are positive that you will find this latest edition a valuable profit tool for your business, especially in the area's of cross-reference and target marketing.

This edition contains many added features and you will find this edition more "user friendly".

New features in the alpha section, include telephone number (when obtained) for both business and household records. Home ownership is denoted by the symbol ◎ . With these additional features the alphabetical section contains all the information for the listing.

Our street guide has also been enhanced. All occupants at the household are now listed. Length of residence up to nine years for each household is shown as [9]. Household and business counts now appear at the end of each street.

Due to the inclusion of these new features it was necessary to publish the Toronto East in two volumes. Volume one contains the classified business directory, the alphabetical directory and the street address directory. Volume two contains the numerical telephone directory as a separate book.

We're confident you will find this new format as well as the new features more valuable for your needs.

Thank you for your patronage,

R. L. POLK & CO. LTD.

FOUR MAJOR DIRECTORIES

I. THE CLASSIFIED BUSINESS DIRECTORY is the first major directory, printed on yellow paper. This directory contains a complete listing of business and professional firms and organizations within our canvass area, arranged in alphabetical order under appropriate headings. Included are: officers, owners, principals, number of employees, address and telephone number. Also included are the advertisements and business cards of firms and individuals desiring to make a more detailed presentation of their products or services. This directory represents reference advertising at it's best and merits the attention of all buyers and sellers seeking sources of supply or a market for goods. In a busy and diversified community, the necessity of having this kind of information up-to-date and immediately available is obvious. The Directory is a common intermediary between buyer and seller and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL DIRECTORY is the second major directory, printed on white paper. This directory intends to show the name, spouse's name, occupation, employer, address, designation of owner-occupied homes and telephone number of each adult resident. Also included is the name, official personnel, products and services, address and telephone number of business and professional firms in the city.

III. THE STREET ADDRESS DIRECTORY is the third major directory, printed on green paper. In this directory the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business firms are arranged in numerical order under the name of each street, and the names and spouses names of the householders, as well as the names of all adult residents are placed opposite the number. Business and professional firm names also appear at their appropriate numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner-occupied homes, telephone numbers, new householder symbols, the length of residence up to 9+ years, and zip/postal codes.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major directory, printed on blue paper. This directory provides the name and address of the telephone subscriber when only a telephone number is known.

COMMUNITY PUBLICITY

The City Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence and as a business location.

The publishers appreciatively acknowledge those progressive business and professional firms who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

BOARDS OF EDUCATION

In Toronto, we have two school systems; Public and Separate (Catholic). Each Municipality has a Public School Board, but the Separate Schools have one collective Metro Board. Voters may support either the Public or the Separate school system.

both Boards receive funding from property taxes collected by the city. Voters, in declaring which of the two school systems they support, are thus indicating to which board their education taxes will be allocated. In the case of the Metropolitan Toronto School Board, a per capita percentage of the school taxes is levied against each Municipality.

The Toronto Board of Education administers the City's public school system, both elementary and secondary. Public School supporters elect two representatives from each of the eleven wards to this Board, while Separate School supporters elect one member from each of four areas in the City.

The Metropolitan Separate School Board similarly administers the separate elementary and secondary schools in Metro. Separate School supporters vote for one member from each of seven areas in metropolitan Toronto.
